Transition to School Program 2020

For students starting
their first year of
school at BCSS in 2021

Who is this program for?

Students transitioning to Prep at BCSS in 2021. If you are interested in the program but are unsure if your child will be eligible to attend a specialist school, please contact us.

Why do we run this program?

This program helps students to feel safe and comfortable when they start school as they can begin their Prep year in a familiar environment, having already met their educators and peers.

What does my child need to bring?

There is no cost to attend this program.

Please bring a healthy snack and water bottle.

Please provide the school with a copy of your child's **immunisation certificate** and **birth certificate** before the first session.

ABOUT US
