

January, 2022

Dear Parents and Carers,

2022 SWIMMING PROGRAM

Swimming and water familiarisation is a very important component of our physical education program and is commencing Term 1, 2022.

Students will begin the 2022 swimming program at the Wonthaggi Aquatic Centre - YMCA.

EPILEPSY: Students with a history of epilepsy or any form of medical condition involving periodic loss of consciousness are only permitted to participate in the activity as long as a medical certificate is provided stating that the program appears to present no undue risks for the student at that time.

A new letter is required every twelve months. A letter that is conditional upon special precautions being taken cannot be accepted unless the parents arrange the additional supervision necessary and accept complete responsibility for the safety of their child during the activity.

Rachel Cullen
Swimming Co-ordinator
Bass Coast Specialist School
