

January, 2022

Dear Parents and Carers,

2022 SWIMMING PROGRAM

Swimming and water familiarisation is a very important component of our physical education program and is commencing Term 1, 2022.

Students will begin the 2022 swimming program at the Wonthaggi Aquatic Centre - YMCA.

ASTHMA: Many outdoor and adventure activities are regarded as strenuous and students with asthma may require medication before and during these activities. Students with asthma will need to have their own asthma medication.

Could parents of students with asthma provide written consent to their child's participation in the activity? This consent should indicate that their doctor has no objection to the student participating in the particular activity.

Rachel Cullen
Swimming Co-ordinator
Bass Coast Specialist School
